

NORTH CAROLINA MAYOR MURDERED

Shot Down on Doorstep of Home
in Little Town of
Newport.

SANDERS BROTHERS HELD

Assassination Thought to Be
Result of Prosecution of
Blind Tiger Cases.

BEAUFORT, N. C., October 18.—The grand jury to-day brought in a bill of murder against S. J. Sanders, who had been arrested for the death of H. Z. Newberry, of Newport, N. C., who was shot to death Saturday night at the door of his home there. Judge Gulon ordered the sheriff to summon 200 takersmen in order to get a jury. The case is set for Friday morning at 10 o'clock.

Sanders to-day is locked in the Carteret county jail here, while his brother, B. F. Sanders, also is under arrest, held as an accessory. The prisoners were brought here last night by Sheriff Hancock, after a coroner's jury at Newport had returned a verdict that Mayor Newberry's death resulted from gunshot wounds, inflicted by S. J. Sanders, and that his brother also was implicated in the shooting.

Charles Harrington, a neighbor of Newberry and Sanders, it is said, heard the shots and the Mayor's screams, and saw Jack Sanders enter his house and place a gun in the closet. The coroner found a gun in Sanders's house, with one empty and one loaded barrel. The loaded barrel had buckshot in the shell. Newberry was hit by No. 13 buckshot.

The assassination of Mayor Newberry was the direct outcome, it is said, of the prosecution of "blind tiger" cases. The mayor recently had several persons arrested for illegally selling whiskey, and four of the men, including the Sanders brothers, were bound over for court at Beaufort next Monday. It is alleged that threats had been made against the Mayor's life, and after his assassination Saturday night suspicion was directed to the Sanders brothers.

Great excitement prevailed in Newport after the tragedy occurred Saturday night. Requests for bloodhounds were sent to Tarboro, and the road in front of the Mayor's home was roped off in the hope that the dogs might be able to readily pick up the scent and lead the authorities to the assassins. The dead man's wife was ill in bed at the time of the murder, and his little daughter stood by his side when he was shot.

Word of the shooting was sent to Beaufort, and the yesterday afternoon County Solicitor Abernethy, accompanied by Sheriff Hancock and a coroner's jury, went to Newport in a special train. Upon arrival of the train at Newport the Sanders brothers were arrested, and later the coroner's jury ordered them held.

Oregon Man Journeys Far to Marry
Virginia Girl.

[Special to The Times-Dispatch.]
BRISTOL, Va., October 18.—Rev. Alfred Harrison Burroughs has added another to his long list of romantic marriages. George F. Brevier, a ranchman, residing near Portland, Ore., crossed the continent to meet Miss Lizzie L. Ballou, of Chilhowie, Sny. He knew her only by correspondence. He left his Western home for Virginia with the understanding that if he and Miss Ballou were pleased with each other upon their first meeting they would be married immediately. A few minutes after they met at her home they were on their way to Bristol to be joined in marriage by the man who has united more than 3,000 eloping couples.

Word of the shooting was sent to Beaufort, and the yesterday afternoon County Solicitor Abernethy, accompanied by Sheriff Hancock and a coroner's jury, went to Newport in a special train. Upon arrival of the train at Newport the Sanders brothers were arrested, and later the coroner's jury ordered them held.

WILL TAKE AN APPEAL.

City Attorney Whitaker on Decision of Chancery Court.
[Special to The Times-Dispatch.]
BRISTOL, Va., October 18.—City Attorney A. B. Whitaker states that he has the alternative of taking an appeal from the decision of Chancellor H. H. Haynes, who has stated that on the first Monday in December he will issue a mandatory writ of injunction, requiring the water to be shut off in Bristol, Tenn., and turned back to the stream whence it was taken. By this means the city attorney hopes to avert such a calamity as cutting off the water supply of the city. Chancellor Haynes has stated that there is no other course for him in the matter than to cut off the supply in accordance with a mandate of the Supreme Court, which remanded the case to the chancery.

This situation grew out of the litigation of J. H. Mattox, a farmer, against the city, to be shut off in the latter having declined to pay Mattox his price for his rights in the stream from which the city gets its water supply.

[Special to The Times-Dispatch.]
WINCHESTER, Va., October 18.—Robt. M. Henry, a former Winchester saloon-keeper, whose case was the first carried to the Supreme Court of Appeals to test the validity of the Byrd liquor law, appeared by counsel in the Corporation Court to-day and withdrew his appeal from the magistrate's decision, imposing a fine of \$500 and costs, for violating section No. 23 1-2, upon which numerous constructions had been placed by various State courts, before the Supreme Court decided recently that it was constitutional.

The section prohibits the sale of near-beer and malt beverages in less than half-dozen lots, and not over four dozen. Since the Supreme Court's decision, the law has been strictly enforced, and Winchester dealers have been arrested for violating the same section.

CLOTHES STOLEN BY TWO NEGROES

Richmond Man Held Up in Chesterfield County Saturday and Robbed.

[Special to The Times-Dispatch.]
PETERSBURG, Va., October 18.—Herbert Clark and William Watkins, negroes, living near Centalla, Chesterfield county, were arrested at their homes late Sunday night on the charge of holding up and robbing on the highway a man named Szeni, of Richmond. Szeni met the negroes Saturday and told them that he was looking for work. The negroes told him they knew where he could get a job. They guided him down the county road a mile from Centalla, and turning into a by-path, halted Szeni and made him take off his shoes and trousers, which they took. After talking and threatening to kill Szeni, they became frightened, as they heard some one coming down the path, and ran off through the woods.

Szeni made his way to the first house he could find, told his story, and was kept there until Sunday morning, when he was taken to Constable Watts, who at once made an investigation, which resulted in the arrest of the two negroes.

Szeni's trousers were found and identified. He also identified the negroes, and other witnesses were found who saw Szeni and the negroes together Saturday night. The negroes were taken to Chesterfield county jail, and Szeni was held as a witness for the grand jury.

The robbery has caused some excitement, and the feeling is very bitter in the neighborhood of Centalla against the negroes.

Counterfeits.

Read what one of the GREATEST NEWSPAPERS IN AMERICA has to say on this subject:

"The manufacturers of Castoria have been compelled to spend hundreds of thousands of dollars to familiarize the public with the signature of Chas. H. Fletcher. This has been necessitated by reason of pirates counterfeiting the Castoria trademark. This counterfeiting is a crime not only against the proprietors of Castoria, but against the growing generation. All persons should be careful to see that Castoria bears the signature of Chas. H. Fletcher, if they would guard the health of their children. Parents, and mothers in particular, ought to carefully examine the Castoria advertisements which have been appearing in this paper, and to remember that the wrapper of every bottle of genuine Castoria bears the fac-simile signature of Chas. H. Fletcher, under whose supervision it has been manufactured continuously for over thirty years.—Philadelphia Bulletin.

Letters from Prominent Druggists addressed to Chas. H. Fletcher.

Conger Bros. of St. Paul, Minn., say: "Fletcher's Castoria is certainly full of merit and worthy of recommendation."

C. G. A. Loder, of Philadelphia, Pa., says: "For 20 years we have sold Fletcher's Castoria and are pleased to state that it has given universal satisfaction."

The Scholz Drug Co., of Denver, Colo., says: "Fletcher's Castoria has surely become a household word. Seemingly every family where there are children uses it."

Hoagland & Mansfield, of Boston, Mass., say: "We have nothing but good to say about your Castoria and we do not hesitate to give it our unqualified endorsement."

Riker's Drug Stores, of New York City, say: "Fletcher's Castoria is one of the oldest and most popular preparations in our stores. We have nothing but good to say about it."

Wolf-Wilson Drug Co., of St. Louis, Mo., says: "Of the thousands of patent medicines for which we have demand there are a very few of them that we can conscientiously recommend and your Castoria is included in this few."

D. R. Dyche & Co., of Chicago, Ill., say: "The increasing demand for your Castoria shows that a discriminating public is not slow to seek out a remedy of merit and once convinced that it does all and even more than claimed they do not hesitate to recommend it to their friends."

The Owl Drug Co., of San Francisco, Cal., says: "We have always been a believer in the 'original man protection' and have been particular never to sell anything but the genuine and original Castoria (Fletcher's). We have many calls every day for this article from people who say they would not be without it in their homes."

IDEAL WEATHER FOR THE OPENING

North Carolina State Fair Begins
at Raleigh at Noon.
To-Day.

[Special to The Times-Dispatch.]
RALPHIGH, N. C., October 18.—With ideal weather conditions to-day and a favorable forecast for the week, preparations for the great State Fair are in full swing and being rounded up with a degree of rapidity and completeness probably never before equaled in the history of the State Fair Association. Fair more exhibits are in place and under way than usual, and the fair buildings and grounds are being transformed with almost a magical degree of rapidity and attractiveness.

Thousands of people thronged the Fair Grounds Sunday. It is estimated that the State Fair for the week of every day is to be a check full of events in connection with the fair, with the great football game of the Agricultural and Mechanical College and Kentucky Thursday and a circus Friday thrown in. The marvelous ball Friday night will be the brilliant culminating event, marking the close of the fair.

For Fraudulent Use of Mail.
United States Marshal Claudius Dockery has returned from Washington, N. C., where Judge Connor held court this week. The most important case that was set for trial was continued for the defendant because the counsel he had retained could not be on hand for the trial this week. The case was against T. J. Lewis, who is charged with using the mails for fraudulent purposes, in that he misrepresented himself and procured the shipment of large quantities of goods to him at Washington from a number of the principal cities of the country. He sold large quantities of these goods before he was arrested, including the mantels, sewing machines and a great variety of other classes of goods. There were witnesses at Washington from Buffalo, New York City, Baltimore, Richmond, Hamilton, Ohio, and Columbus, Ga., to testify against him. The witnesses represent houses from which goods were fraudulently ordered.

It is stated in the offices of Governor Kitchin and of Adjutant-General J. F. Armistead that the indications are that nearly every member of the Governor's personal staff and of the regular National Guard will report at Wilmington with Governor Kitchin for the demonstration that is to characterize the visit of President Taft, November 9.

Improving Naval Hospital.
[Special to The Times-Dispatch.]
NOFOLK, Va., October 18.—The two new wings of the Naval Hospital, which have been in the course of construction for several months, are nearly completed. At the same time the main building is being overhauled and renovated and brought up to date in every respect.

When completed the hospital will be the largest on the Atlantic coast, and the most modern and equipped in the department. It has been rendered practically fireproof throughout. The two new wings are parallel with the main building, and the architectural design is such that they appear

a part of the entire structure, and not additions.

Negro Shot by Officer.
[Special to The Times-Dispatch.]
WINCHESTER, Va., October 18.—Henry Jackson, a negro of powerful physique, who came here from Roanoke to work on the sewer system, was shot late last night by Policeman John Massey, as he was attempting to escape after being arrested for creating a disturbance during a drunken row. The bullet, which was of .38-calibre, lodged in his foot. He is now under treatment in jail.
